Friends,

Recently, one of my hobbies has been volunteering as a coach for elementary track and field. I love track and field and wanted to share that love with the kids of our community.

When assigning running events to the kids before the meets, one thing that stood out immediately: everyone wanted to run the relay races. I think I understand why.

Imagine the scene with me. You approach the starting line with three of your friends. As the race begins, you cheer the first runner on as she runs her hardest. She rounds the track and reaches out to pass the baton to you. When you take the baton, you run your leg as best you can. After the final stretch of your leg, you pass the baton to the next runner, you try to catch your breath, and you cheer him on. When the race is done, the four of you celebrate this challenge you have completed together.

The author of Hebrews reflected on the challenge of a race and encouraged the believers, "Let us run with perseverance the race that is set before us, looking to Jesus the pioneer and perfecter of our faith ..."

In a relay, you certainly do your part, but you remember that you are not alone. Someone has run before you and someone will follow. Everyone contributes in a relay. They are partners. This is why relays are so very fun.

When I think of the local church, this kind of image comes to my mind. I look around and am thankful for the giftedness of the congregation. I remember that many have been faithful before. I am encouraged to give my very best.

Our family is so excited to join you at Central Baptist, Fountain City. Know that you are in my prayers as we embark on this journey and we anticipate years of faithful partnership together.

Blessings,
Ande Myers
